

I'm emailing you to voice my concern over Sinclair Broadcasting's planned broadcast of an anti John Kerry documentary on the eve of the presidential election.

Broadcasting of this film is clearly meant to be a partisan political statement, and can not be honestly described as news, as Sinclair Broadcasting claims.

Because this violates the spirit and intent of regulations concerning equal access to our county's public airwaves, I strongly urge the FCC to direct Sinclair Broadcasting not to show this film.

Thank you,
